## DOUBLE YOUR PRODUCTIVITY GET ON BOARD

Mutoh's Toucan LT Board Printer sets a new standard in productivity and affordability for outdoor durable, high-resolution inkjet printing on rigid and flexible materials.

Are you still printing or cutting vinyl and then laminating to produce your graphic display boards? Why not print directly on boards with the Toucan LT Board Printer. The Toucan LT Board Printer eliminates the lamination process by printing directly onto foam boards up to 1/2" thick, saving time, labor, and scrap while producing bright, high-resolution board graphics at a very low cost. Do you want to expand into rigid printing even though most of your business is flexible printing? Mutoh's got you covered. With the turn of a handle you can be printing vinyl fleet graphics, banners, and POP displays unattended or overnight, thanks to the LT's best-in-class media handling system. Choose between Mutoh's environmentally friendly Eco-Solvent Ultra ink or LT Solvent ink to produce bright, vivid colors with up to three years' outdoor durability on every print. With prices starting at \$54,995, the Toucan LT Board Printer is the ultimate solution for starting your board printing business. Ride the wave of increased profits and expanded capabilities all the way to success with the Toucan LT Board Printer!

\* For recommended media and rigid substrate materials, please visit [www.mutoh.com/products/pd\\_tbp.html](http://www.mutoh.com/products/pd_tbp.html).  
\*\* On-site warranty is provided by your authorized Mutoh dealer or GEI Calgraph.
